

## AUTHORS OF THE PUBLICATIONS

Alina A. Abusheva — postgraduate student, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Boris G. Aksenov — Dr. Physic. and Math. Sci., Professor, Head of the Department of Mathematics, Tyumen State University of Architecture and Civil Engineering

Eduard A. Arinshteyn — Dr. Physic. and Math. Sci., Professor, Department of physical systems and processes simulation, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Oksana V. Akhmetova — Cand. Physic. and Math., Associate Professor, Department of theoretical physics and physics teaching methods, Sterlitamak state pedagogical academy

Sergey P. Bautin — Dr. Physic. and Math. Sci., Professor, Department of high mathematicians, Ural State University of Railway Transport

Murat K. Beysembayev — Cand. Techn. Sci., Associate Professor, Department of health and safety and protection of environment, Pavlodar state university

Vladimir E. Borzykh — Dr. Physic. and Math. Sci., Professor, Head of the Department of Automation and Computer Science, Tyumen State Oil and Gas University

Aleksander A. Vakulin — Dr. Techn. Sci., Professor, deputy director, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Aleksander A. Vakulin — postgraduate student, Department of mechanics of multiphase systems, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Maksim N. Vilkov — postgraduate student, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Svetlana R. Girnis — Cand. Techn. Sci., Associate Professor, Department of computer facilities and programming, Pavlodar state university

Igor N. Glukhikh — Dr. Techn. Sci., Professor, deputy director on study, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Andrey V. Grigoryev — postgraduate student, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Boris V. Grigoryev — postgraduate student, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Mikhail V. Grigoryev — Cand. Techn. Sci., Associate Professor, Department of information systems, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Alexander N. Degtev — Dr. Physic. and Math. Sci., Professor, Department of Algebra and Mathematical Logic, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Alexander A. Zakharov — Dr. Techn. Sci., Professor, Head of the Department of Information Security, Institute of Mathematics, Humanities and Informational Technologies, Tyumen State University

Irina G. Zakharova — Dr. Pedag. Sci., Professor, Head of the Department of Software Support, Institute of Mathematics, Humanities and Informational Technologies, Tyumen State University

Pavel T. Zubkov — Dr. Physic. and Math. Sci., Professor, Head of laboratory of Computational Fluid Dynamics, Institute of Mathematics, Humanities and Informational Technologies, Tyumen State University

Ekaterina I. Ivanova — postgraduate student, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Alexander G. Ivashko — Dr. Techn. Sci., Professor, Head of the Department of Information Systems, Institute of Mathematics, Humanities and Informational Technologies, Tyumen State University

Ekaterina I. Karaseva — postgraduate student, Department of business informatics, St. Petersburg state university of space instrumentation

Ivan Y. Karyakin — Associate Professor, Department of Information Systems, Institute of Mathematics, Humanities and Informational Technologies, Tyumen State University

Svetlana V. Karyakina — Cand. Techn Sci., Senior Lecturer, Department of Mathematics, Tyumen State University of Architecture and Civil Engineering

Yuriy D. Kirillov — postgraduate student, Department of physical systems and processes simulation, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Sergey I. Kolomieys — postgraduate student, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Vitaliy P. Kosyakov — postgraduate student, Department of Multiphase System, Institute of Mathematics, Humanities and Informational Technologies, Tyumen State University

Elena I. Kuznetsova — Senior Lecturer, Department of the higher mathematics, institute of technology, National research nuclear university, MIPhI (Lesnoy)

Vladimir N. Kutrunov — Dr. Physic. and Math. Sci., Professor, Head of the Department of Algebra and Mathematical Logic, Institute of Mathematics, Humanities and Informational Technologies, Tyumen State University

Pavel Y. Mikhajlov — Senior Lecturer, Department of Multiphase System, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Alexander G. Obukhov — Dr. Physic. and Math. Sci., Professor, Department of high mathematicians, Tyumen State Oil and Gaz University

Ekaterina O. Ovsyannikova — postgraduate student, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Aleksey A. Olennikov — Cand. Techn. Sci., Associate Professor, Department of heatgas supply and ventilation, Siberian state industrial university

Evgeniy A. Olennikov — Cand. Techn. Sci., Associate Professor, Department of Software Support, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Sergey P. Pirogov — Dr. Techn. Sci., Professor, Department of applied mechanics, Tyumen State Oil and Gaz University

Dmitriy V. Postarnak — postgraduate student, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Lyudmila A. Puldas — Cand. Tech. Sci., Senior Lecturer, Department of Heat and Gas Supply and Ventilation, Tyumen State Architectural and Building University

Aleksander N. Pushkarev — postgraduate student, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Artem S. Rodionov — postgraduate student, Department of theoretical physics and physics teaching methods, Sterlitamak state pedagogical academy

Sergey P. Rodionov — Dr. Physic. and Math. Sci., Professor, Head of the Department of oil and gas mechanics, institute of theoretical and applied mechanics, Tyumen branch, Siberian branch, Russian Academy of Sciences

Nikolay V. Sarantchin — Cand. Physic. and Math., associate professor, Department of mechanics of multiphase systems, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Sergey N. Sarantchin — postgraduate student, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Lyudmila V. Sakharova — Cand. Techn. Sci., Associate Professor, Department of general scientific disciplines of branch, Sea state academy (Rostov)

Boris V. Semenov — Senior Lecturer, Department of automation and computer facilities, Tyumen State Oil and Gaz University

Lyudmila P. Semikhina — Dr. Physic. and Math., Professor, Department of mechanics of multiphase systems, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Lyubov N. Sokoliuk — senior researcher, institute of theoretical and applied mechanics, Tyumen branch, Siberian branch, Russian Academy of Sciences Aleksey

V. Tatosov — Dr. Physic. and Math., Professor, Department of mathematical modelling, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Askar K. Tleulesov — Senior Lecturer, Department of health and safety and protection of environment, Pavlodar state university

Sergey Y. Udovitchenko — Dr. Physic. and Math., Professor, deputy director of scientific research, institute of applied sciences, Tyumen State University

Vitaliy P. Ukrainets — Dr. Techn. Sci., Professor, Department of health and safety and protection of environment, Pavlodar state university

Nikolay N. Ustinov — Cand. Techn. Sci., Associate Professor, Department of alltechnical disciplines, Tyumen state agricultural academy

Aleksander I. Filippov — Dr. Techn. Sci., Professor, Department of theoretical physics and physics teaching methods, Sterlitamak state pedagogical academy

Aleksander Y. Tchuba — Cand. Techn. Sci., Associate Professor, Department of alltechnical disciplines, Tyumen state agricultural academy

Alexander B. Shabarov — Dr. Techn. Sci., Professor, Head of the Department of Mechanics of Multiphase Systems, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Anna A. Shmidberskaya — Senior Lecturer, Department micro- and nanotechnologies, Institute of Mathematics, Humanities and Information Technologies, Tyumen State University

Anna V. Yakovenko — Research engineer, institute of theoretical and applied mechanics, Tyumen branch, Siberian branch, Russian Academy of Sciences
