**AUTHORS OF THE PUBLICATIONS**

**Andrey S. Aleksandrov** — student, Institute of Earth Sciences, Tyumen State University

**Stanislav P. Arefyev** — Dr. Biol. Sci., Professor, Department of Botany, Biotechnology and Landscape Architecture, Institute of Biology, Tyumen State University

**Sergey V. Artemenko** — post-graduate student, Department of Ecology and Genetics, Institute of Biology, Tyumen State University

**Liliya R. Asfandiurova** — Cand. Techn. Sci., Associate Professor, Department of General Chemical Technology, Sterlitamak Branch, Ufa State Petroleum Technological University

**Maria M. Bazova** — post-graduate student, Vernadsky Institute of Geochemistry and Analytical Chemistry, Russian Academy of Sciences

**Viktor A. Boev** — Cand. Biol. Sci., Associate Professor, Department of Environmental Geology, Institute of Earth Sciences, Tyumen State University,

**Sergey P. Vasilov** — Cand. Biol. Sci., Senior Researcher, Botanical garden, Ural Branch, Russian Academy of Sciences (Ekaterinburg)

**Lydia N. Vdovyuk** — Cand. Geogr. Sci., Associate Professor, Department of Physical Geography and Ecology, Institute of Earth Sciences, Tyumen State University

**Svetlana S. Volkova** — Senior Researcher, Department of Organic and Ecological Chemistry, Institute of Physics and Chemistry, Tyumen State University

**Olga G. Voronova** — Cand. Biol. Sci., Associate Professor, Department of Botany, Biotechnology and Landscape Architecture, Institute of Biology, Tyumen State University

**Sergey N. Gashev** — Dr. Biol. Sci., Head of Department of Zoology and Evolutionary Ecology of Animals, Institute of Biology, Tyumen State University

**Tatyana N. Gubernatorova** — Cand. Techn. Sci., Senior Researcher, Water Problems Institute, Russian Academy of Sciences

**Marina I. Dinu** — Cand. Chem. Sci., Researcher, Vernadsky Institute of Geochemistry and Analytical Chemistry, Russian Academy of Sciences

**Ernest V. Ivanter** — Dr. Biol. Sci., Professor, Dean of Faculty of Ecology and Biology, Petrozavodsk State University, Corresponding Member, Russian Academy of Sciences

**Tatyana A. Kremleva** — Cand. Chem. Sci., Associate Professor, Department of Organic and Ecological Chemistry, Institute of Physics and Chemistry, Tyumen State University

**Yuriy P. Kurkhinen** — Dr. Biol. Sci., Senior Researcher, Department of Biosciences, Faculty of Biological and Environmental Sciences, Helsinki University (Finland)

**Evgeniy V. Lebedev** — Cand. Biol. Sci., Associate Professor, Department of Forest Plantations, Nizhny Novgorod State Agricultural Academy

**Mikhail M. Medvedev** — post-graduate student, State Agricultural University of the Northern Transurals (Tyumen)

**Tatyana I. Moiseenko** — Dr. Biol. Sci., Professor, Head of Department of Biochemistry and Ecology, Vernadsky Institute of Geochemistry and Analytical Chemistry, Russian Academy of Sciences, Corresponding Member, Russian Academy of Sciences

**Dmitriy V. Moskovchenko** — Dr. Geogr. Sci., Chief Research Scientist, Institute of North Development, Siberian Branch, Russian Academy of Sciences (Tyumen)

**Igor S. Mukhachev** — Dr. Biol. Sci., Professor, Department of Zoology and Evolutionary Ecology, Institute of Biology, Tyumen State University

**Innokentiy S. Nekrasov** — post-graduate student, Department of Zoology and Evolutionary Animal Ecology, Institute of Biology, Tyumen State University

**Larisa P. Panicheva** — Dr. Chem. Sci., Professor, Department of Organic and Ecological Chemistry, Institute of Physics and Chemistry, Tyumen State University

**Maria L. Panova** — post-graduate student, Department of Socio-economic, Geography and Environmental Management, Institute of Earth Sciences, Tyumen State University

**Alina A. Panchenko** — post-graduate student, Department of General Chemical Technology, Sterlitamak Branch, Ufa State Petroleum Technological University

**Galina A. Petukhova** — Dr. Biol. Sci., Professor, Department of Ecology and Genetics, Institute of Biology, Tyumen State University

**Maria K. Polushina** — post-graduate student, Department of Physical Geography and Ecology, Institute of Earth Sciences, Tyumen State University

**Lev V. Razumovskiy** — Dr. Geogr. Sci., Leading Researcher, Water Problems Institute, Russian Academy of Sciences

**Vikentiy L. Razumovskiy** — post-graduate student, Water Problems Institute, Russian Academy of Sciences

**Rustem A. Seydafariyev** — Cand. Biol. Sci., Teacher of Biology (School 7, Priyutovo), Bashkortostan Republic

**Alexander G. Selyukov** — Dr. Biol. Sci., Professor, Department of Zoology and Evolutionary Animal Ecology, Institute of Biology, Tyumen State University

**Larisa V. Stavnikova** — post-graduate student, Department of Industrial Ecology, Processes and Facilities of Chemical Industry, Siberian State Technological University (Krasnoyarsk)

**Viktor D. Starkov** — Cand. Geolog.-Mineral. Sci., Professor, Department of Physical Geography and Ecology, Tyumen State University

**Robert A. Stepen** — Dr. Biol. Sci., Professor, Department of Industrial Ecology, Processes and Facilities of Chemical Industry, Siberian State Technological University (Krasnoyarsk)

**Yuriy G. Tatsiy** — Cand. Techn. Sci., Senior Scientific Researcher, Laboratory of Evolutionary Biochemistry and Geoecology, Vernadsky Institute of Geochemistry and Analytical Chemistry, Russian Academy of Sciences

**Olga E. Tokar** — Cand. Biol. Sci., Associate Professor, Department of Ecology, Geography and Methods of their Teaching, Ishim State Pedagogical Institute

**Leonid A. Shuman** — post-graduate student, Department of Zoology and Evolutionary Animal Ecology, Institute of Biology, Tyumen State University

**Guzel V. Yunusova** — post-graduate student, Department of General Chemical Technology, Sterlitamak Branch, Ufa State Petroleum Technological University

**Elena A. Yamlikhanova** — student, Department of General Chemical Technology, Sterlitamak Branch, Ufa State Petroleum Technological University
