

## CONTENTS

## GENERAL ECOLOGY

<b>Lev V. Razumovsky, Tatiana S. Shelekhova, Vikenty L. Razumovsky</b>	
Long-term geoecological changes in small lakes of Sochi national park (diatom analysis) .....	7
<b>A.A. Konovalov, V.A. Glazunov, D.V. Moskovchenko, A.A. Tigeev, Sergey N. Gashev</b>	
Dependence of the biota structure on the climate throughout the territory of Yamalo-Nenets Autonomous Okrug .....	15
<b>Tatiana A. Kremleva, Alexandra S. Kononova</b>	
Assessment of the buffer capacity of waters in small lakes in Purovsky region .....	24
<b>Vitaliy Yu. Khoroshavin, Maria G. Efimenko</b>	
The study of natural processes in the formation of chemical composition of surface waters, in order to assess the critical anthropogenic loads and sustainability of aquatic ecosystems of the boreal ecoregion of Western Siberia .....	33
<b>Gulnara N. Shigabayeva</b>	
Elemental composition and level of functional groups of humic substances in soils and turfs of different origin .....	45

## PLANT ECOLOGY

**Olga V. Enoktaeva,  
Lyudmila F. Kalenova,  
Andrew M. Subbotin**

The effect of metabolites *Bacillus sp.*  
from permafrost on the survival  
of fish embryos .....

54

**Stanislav P. Arefyev**

Influence of recreation and climatic  
tendencies of 2000-2014 on the diversity  
of species and structure of communities  
of wood fungi in the city of Tyumen .....

62

**Tatiana N. Gubernatorova,  
Marina I. Dinu**

Experimental studies of humic  
compounds biodegradation induced  
by fungal enzymatic oxidizing complex ...

72

**Natalia N. Lukina,  
Lyudmila S. Tupicyna**

Influence of engine oil on cress plants  
(*Lepidium sativum*) .....

79

## ANIMAL ECOLOGY

**Valeriy O. Tadzhidinov,  
Sergey N. Gashev**

Structure of the northern  
red-backed vole (*Myodes rutilus*)  
population in the gradient of the oil  
pollution .....

86

**Alyona Yu. Levykh**

To the issue of small mammals living  
in the Federal State Organization  
“Kronotsky Nature Reserve” .....

92

**Maxim G. Mitropolskiy,  
Oleg V. Mitropolskiy**

Content and method of identifying  
composition of bird species, hunted  
in Uzbekistan .....

103

**Innokentiy S. Nekrasov,  
Lyudmila S. Pashina,  
Alexander G. Selyukov**

Morphofunctional changes of liver  
in whitefish (coregonidae) of the North  
Sos'va river during the summer feeding  
period .....114

#### **HUMAN ECOLOGY**

**Vladimir S. Solovyov,  
Andrey W. Elifanov,  
Svetlana V. Solovyova,  
Elina M. Bakieva,  
Natalia V. Trusevich,  
Tatiana N. Tsertsek**

Environmental risk factors of human  
adaptation to the natural conditions  
of the Middle Ob river basin .....121

**Olga N. Lepunova, Olga L. Kovyazina,  
Olga V. Frolova, Andrey V. Elifanov,  
Dmitry N. Kyrov, Inna D. Batenkova**

Assessment of erythron system  
parameters of children living in different  
climatic areas of Tyumen region .....129

#### **RATIONAL USE OF NATURE**

**Nadezda A. Ermakova,  
Anastasia R. Arkhipova,  
Polina V. Kropotina,  
Antonina Y. Siyutkina,  
Lubov K. Fakhrutdinova**

Hydrochemical state of Tyumen sources  
of household and drinking water supply  
in spring and summer .....138

#### **REVIEWS**

Ecology of Nature and Man  
(bibliographic review) .....150
